

# KEYRUS

## TABLEAU BUSINESS INTELLIGENCE TRAINING

Enhance your team's effectiveness and boost decision-making capabilities with certified instructor-led Tableau training.

Keyrus is a world-wide silver partner of Tableau Software, a leader in self-service Business Intelligence. As experts in Data Visualisation projects and Tableau, Keyrus is a trusted partner when it comes to delivering engaging and empowering Tableau training.

Whether you require a single course or an entire curriculum, Keyrus has the expertise to deliver quality Tableau training to your organisation.

### WHAT IS TABLEAU SOFTWARE?

Tableau is an easy to use business intelligence tool. It makes data visualization, data analytics, and reporting as easy as dragging and dropping, meaning anyone can learn to use Tableau without having prior technical data experience. Tableau can combine data from various data sources such as spreadsheets, databases, cloud data, and even big data - all into one program to perform dynamic analysis.

### TRAINING PARTNER OF CHOICE

#### LEADING DATA VISUALISATION TOOL

Tableau is recognised as a leader within Gartner's Magic Quadrant and has won numerous awards for its ease of use and powerful analytics.

#### CERTIFIED TABLEAU EXPERT TRAINERS

Keyrus Trainers are officially Tableau certified and have trained hundreds of people from businesses across many industries.

#### DATA VISUALISATION PROFESSIONALS

Keyrus is a leader within the Business Intelligence consulting industry. We have worked with clients large and small to deliver business value.

#### BRING YOUR OWN DATA OPTION

Want to be trained using your company's own data? Keyrus trainers can customise courses to include working on your data.

#### ONSITE OR OFFSITE TRAINING AVAILABLE

Whether you need trainers to arrive at your premises or prefer an offsite classroom arrangement, Keyrus can accommodate.

## TABLEAU COURSES OFFERED

Keyrus offers three official Tableau training courses, customised courses are also available to meet your needs.

### TABLEAU FUNDAMENTALS COURSE

2 DAYS

Learn core Tableau Desktop skills in this introductory class. You'll gain a thorough introduction to data analysis and visual design in Tableau, and learn how to build views and interactive dashboards.

#### COURSE OUTLINE:

- Introduction
